## More about the center

Aotea Centre is one of the flagship venues amongst 11 iconic venues for Auckland Conventions, Venues & Events. Housing New Zealand's largest modern tiered auditorium, it can seat more than 2,000 people over

three levels. However, with expansive foyers and a range of flexible meeting spaces with multiple breakout rooms, the Centre can host small intimate gatherings as well as large, world class conferences. The Centre’s position in the middle of the city centre means shopping, dining, accommodation, and entertainment options are all within easy walking distance, as are public transport options. The building boasts the latest cutting-edge technology throughout. All spaces have both wired and wireless connections and rooms can easily be data-linked making the venue ideal for large conventions requiring multiple rooms.

# Key information
