## More about the center

Hangzhou International Expo Center is located in Qianjiang Century City, Xiaoshan District in Hangzhou, which is a capital city in China.The center is on the south bank of Qiantang River and to the east of the Third Qiantang River Bridge. Hangzhou International Expo Centeris affiliated to Hangzhou Olympic and International Expo Center Xiaoshan Construction Investment Co., Ltd.and has been entrusted to North Star Events Group, the largest convention and exhibition output management group in China, for management and operation. On September 4th and 5th, 2016, Hangzhou International Expo Center was used as the main venue for the G20 Hangzhou Summit, and it has been come into service since October 2016.Totally covering an area of 850 thousand square meters. Hangzhou International Expo Center is a complex with multiple business formats integrating tourism, meeting, exhibition, hotel, business and office and has provided superior expectations for the creative operation of exhibition venues. The center offers 61 conference rooms for large, medium and small-sized conferences. Among them, the Column-free Multi-function Hall is the largest one in China, covering an area of 10,000square meters. With the exhibition area of 90,000 square meters, it is able to accommodate 4,500 international standard exhibition booths and cater all kinds of special exhibitions. Hangzhou International Expo Center has unveiled a new era of the sixth generation of exhibition venue in China from hardware facilities to software service and from operation pattern to profit pattern. The Centre is equipped the very latest event and exhibition technologies – and has the staff who know how to use them. The professional in-house team can handle every aspect of exhibition technical and conference requirements.
