## More about the center

The Scottish Event Campus team are passionate about conferences and the positive impact they have on people and the planet.

The team work in partnership with you from the outset to understand the goals of your organisation and event. They introduce you to stakeholders in academia, the private sector, local and national government, and third sector organisations to support your aims.

The venue team care about the health of your delegates and have created a range of ‘healthy venue’ services that you can integrate into your event including, yoga classes, free use of the city bikes and nutritious food.

The SEC is a striking and iconic event campus located on the banks of the River Clyde, 5 minutes from Glasgow city centre. BBC Scotland, Glasgow Science Centre, The Clydeside Distillery, and the restaurants and bars of Finnieston, form part of the wider campus; along with 8 on-site hotels and an on-site train station, giving delegates a destination experience.
