More about the center

World Forum is a full service convention centre located in the Hague, between the beach and city centre. It is only a 30 minutes’ drive from two international airports. The largest auditorium in The Netherlands, the King Willem-Alexander auditorium providing different capacities up to 2,161 seats, is directly connected to 35 breakout rooms.

In addition, the Mississippi room is now setup in a fully equipped studio. The stage has a comfortable, atmospheric and visually appealing setting that can change according to your wishes and needs. In addition, World Forum The Hague proposes a creative producer service (with WIRTZ) to help, advise and assist event organizers in setting up the perfect online program.

It’s a compact and intimate venue available for an exclusive use. At the same time, it offers 12,000 sqm of exhibition space, including a new Queen Máxima expo. Venue organisation is based on four pillars: safety & security, vitality, experience, education.
