## More about the center

The Riocentro is a large exhibition and conference centre with almost 87,000 sqm of indoor spaces, situated in the magical surroundings of a 57-hectare park facing a natural lake. With its inter-connected spaces, 4 exhibition halls and an integrated convention centre (called “Cinco”), the Riocentro is a versatile venue that can host every type of event; moreover, it can be used in conjunction with the Jeunesse Arena, the city’s multi-purpose arena, which is within walking distance.

This event complex consists of a convention centre, an amphitheatre and a 5\* hotel (located near Riocentro’s exhibition halls), providing facilities that are suitable for all types of events. The integrated convention centre

has a total surface area of 16,208 sqm. It has 20 meeting rooms with air conditioning and moveable acoustic walls. It also has a modern, comfortable VIP area of 443 sqm, as well as a modular press conference room.

In addition, the venue has a 1,083 sqm mezzanine, an infirmary, a 560 sqm professional kitchen, green spaces for outdoor activities and a loading/unloading area. The Grand Mercure Riocentro hotel, located in the heart of the exhibition park, was inaugurated in 2015. It complements the venue’s hospitality offer, with 306 rooms and 2 restaurants.
