## More about the center

Reims exhibition centre has a new 6,800 sqm hall. All in one piece, without a post, this new hall has a beam height of 9 meters. Inaugurated in October 2021, this entire event complex, with a total surface area of 62,980 sqm, was also completely renovated. It provides a second hall of 4,200 sqm, a meeting room that can accommodate up to 200 people, several outdoor squares with a total area of 25,000 sqm, a restaurant and two bars.

Thanks to its modularity and modern equipment, this event venue lends itself to hosting any type of trade fair, congress, easily accessible from Paris, Roissy CDG, main metropolises of the North-East and South-East, Belgium and the Germany.
