More about the center

China National Convention Center Phase II(CNCC II), only 20kms from Beiing Capital International Airport, is on track to open as China’s premier international convention center in 2025.

CNCC II is built as a masterpiece in design, functionality, sustainability and technology. Designed by French architect Portzamparc, CNCC II is a state of the art, purpose built convention and exhibition venue, with the capacity and flexibility to host small to large scale conferences, exhibitions and events.

The center features 270,000sqm of meeting and event space comprising of a 7,300sqm divisible plenary hall and 30,000sqm of exhibition floor space. Level 2 has over 35,000sqm of function space with meeting rooms in sizes from 100 to 2,000sqm. Level 3 includes three large halls for summits and banquets set amongst 9,500sqm of rooftop gardens.

CNCC II has five office towers, two international hotels and a retail complex and is well located with in the iconic Olympic Green Precinct.
